THE VICTORIA MUTUAL Fire Insurance Company OF CANADA.

GENERAL BRANCH, - ESTABLISHED 1863.
HAMILTON BRANCH, - ESTABLISHED 1868.

This Company adheres strictly to mutual principles

LOSSES PROMPTLY PAID.

The one branch is not liable for the debts or obligations of the other.

The Directors have pleasure in calling public attention to the great advantages arising from the HAMILTON BRANCH to insurers of property on the RANGE OF THE CITY HYDRANTS, as exhibited in the fact that during the past year NO ASSESSMENT has been required to meet losses in this Branch.

P R E F A C E .

The compiler respectfully presents this the fifth edition of the Hamilton Directory to the public, with the earnest hope that it will meet with the same favor and consideration his former efforts have received from the citizens of Hamilton.

No effort nor pains have been spared to make this edition, even in its mechanical appearance, equal to any similar publication issued in the Dominion.

Few realize the labor and patience requisite to collect together and arrange so much matter, and that from so many different sources; and for what few errors and omissions may appear, the compiler would ask the indulgence of his numerous patrons.

By referring to the indexes it will be found that in addition to the usual Alphabetical and Classified Business Directories this year, is given a Street Key or Directory, which it is hoped will be of great use to business men throughout the city.

There is an increase of 351 names in the present edition over that of 1868, and 709 names over that of 1867. This shows that the city is increasing in population at an annual rate of about 1800 to 2000, assuming five persons as the average to each householder.

The compiler desires to present his acknowledgements to the secretaries of the various societies and other gentlemen for the facilities afforded him, and kindness experienced at their hands, in giving cheerfully every information at their command.

To the advertisers and subscribers his especial gratitude is due, for the very liberal support they have given to the enterprise.

JAMES SUTHERLAND.

CHURCHES.

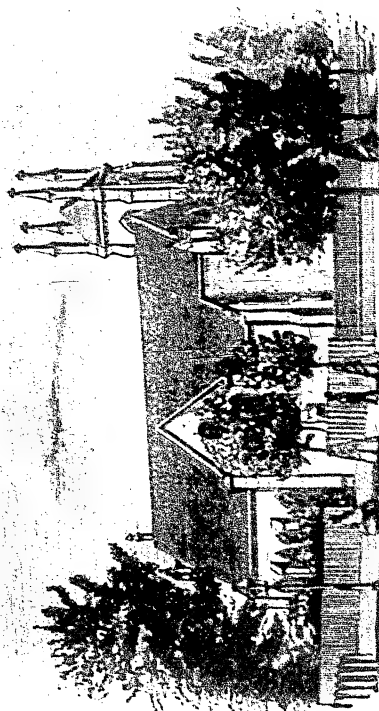

Church of England.—Under a canon of the Synod of Toronto, Hamilton, which had been but one parish, was divided in 1859, into three separate territorial parishes, viz.: that of Christ Church, Church of the Ascension, and that of St. Thomas Church.

Christ Church.—The congregation of this church was organized about 1835, and a church edifice erected in 1837. Rev. J. G. Gaddes has been in charge of this parish for thirty-five years. The Rev. Dr. Neville has recently accepted the appointment to St. Thomas Church, and his successor as curate of Christ Church is the Rev. T. S. Cartwright, formerly of Bowmanville. A commencement was made some years since for the erection of a large and handsome church on the site of the old one. This new addition forms at present part of the former church, and cost already about eighteen thousand dollars. The edifice, when completed, is estimated to cost about \$30,000. That portion already put up is very handsomely finished, and has elegantly designed stained glass windows. Sunday services at 11 a. m., and 7 p. m. Holy Communion on principal festivals, and on the first Sunday of every month. Public Baptisms on the second Sunday of every month, at 3 p. m. Service on Saints' days and every Wednesday and Friday during lent.

The Church of the Ascension, (See Engraving.)—Stands in a very prominent position upon a plot of ground bounded by Maria, Upper John, and Hannah streets. It was opened for divine service in June, 1851. The rector of the church and parish attached, is the Rev. John Hebden, M. A. The parish was erected under a canon of the synod of the diocese of Toronto, in 1859. The site on which the church immediately stands, was the gift of Richard Juson, Esq., late of Hamilton, and an addition was made to the site by the purchase of an adjoining lot, on which a school house has been erected. The church is built of native stone, after designs by Messrs. Cumberland & Storm, architects, of Toronto. It is in cruciform shape, with tower in the N. E. angle. Size of church, 76 x 46: of transepts, 23 x 11: of chancel, 12 x 26: dimensions of tower, 13 x 13: height of tower, (which is unfinished) 70 feet; number of sittings, 700. The tower contains a peal of five bells, from the celebrated foundry of Messrs. Mears, of Whitechapel, London, England. Total cost of the church, about \$18,000. Holy Communion on principal festivals, and on the last Sunday of the month. Baptisms on the first Sunday of every month, at 12.45, p. m. Services at 11 a. m., and 7 p. m.

Church of St. Thomas.—The present church edifice stands in the east end of the city, on Emerald street, near corner of Wilson street. It was erected in 1856, and was at first a chapel of ease to Christ Church afterwards made a parish church, when the city was divided into parishes, in 1859. The style of the church is Norman, or what is called early English, and has a very neat and tasteful appearance. It is built of frame, stuccoed, with nave, chancel, vestry, and bell turret. Size of church, 70 x 36 feet, irrespective of the chancel; number of sittings, 400. The interior of the building is neatly finished, and the triple window in the chancel is partly of stained glass. Cost of the church, about \$1750. Service every Sunday, at 11 a. m., and 7 p. m. Sunday School, at 9.15 a. m. Present Rector, the Rev. Dr. Neville, late Curate of Christ Church. The congregation is now erecting a very handsome church, of which the corner stone was laid this season.

St. John's Chapel.—This temporary place of worship, for 13 years, used as a chapel of ease to Christ Church, of which parish it forms a part, having been re-claimed by the executors of the estate to which it originally belonged, the Sunday School and congregation have removed to the Crystal Palace, kindly granted for temporary use by the Mayor and corporation of the City, until a suitable school house can be erected for their accommodation. The Sunday school is held every Sunday afternoon, at 3 p. m., and the Sermon is held at 7.30 p. m. The Rector and Curate of Christ's Church, officiate alternately.

CHURCH OF THE ASCENSION.

PRESBYTERIAN CHURCHES.

St Andrew's Church.—Church of Scotland (*See Engraving.*) The congregation in connection with this church was originally formed in the year 1833. For a time after the formation, worship was conducted in the Court House, Prince's Square

The Rev. Alex. Gale was the first minister, who was called from the pastoral oversight of Amherstburgh to under take that of Hamilton. At this period Hamilton was within the bounds of the Presbytery of York, and it was not till toward the end of 1836 that the Synod constituted the Presbytery of Hamilton, which was to comprise the Niagara, London, Gore, and Western districts. Mr. Gale. seceded in 1844, and was succeeded in the pastorate by the Rev. Alex. Mackid, who was inducted to the congregation, in January, 1846. Mr. Mackid at the same time also administered to Saltfleet, Dundas, and Ancaster. Mr. Mackid demitted his charge in June, 1848, and accepted that of Goderich.

In October, 1850, the Rev. Daniel Macnee, became the minister, and after laboring in the province for three years, returned to Scotland.—During the incumbency of these clergymen, the congregation worshipped in the wooden structure which now stands on Maiden Lane and Charles street, which had at various times undergone enlargement.

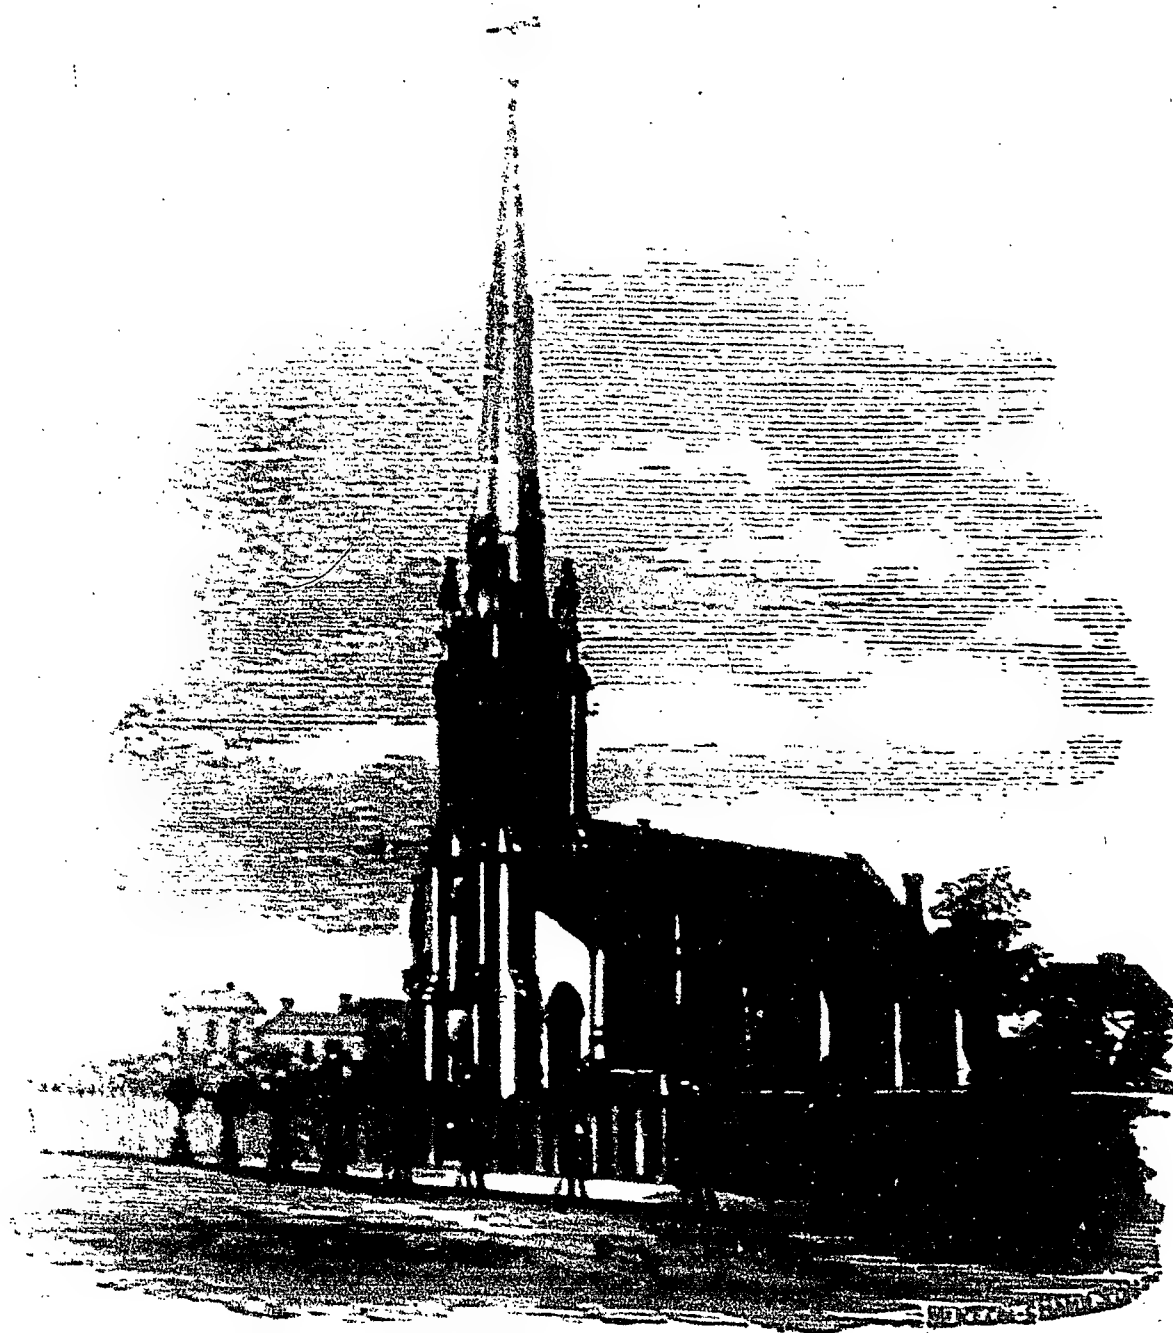

In 1853 the induction of the present minister, the Rev. Robt. Burnet, took place, and shortly after the congregation agreed to erect the present St. Andrew's Church on James street. The foundation stone was laid in 1855 by John Young, Esq., Trustee and Senior Elder of the church. The erection was completed in 1857, and on the 8th of March of that year was opened by the Rev. Dr. Mathieson, of Montreal, and the Rev. Professor Weir, Queen's College, Kingston.

The main portion of the building is of mountain stone, of plain dressed work; the tower and spire, together with the doorways and other ornamental portions are of Cleveland stone, of smooth finish. It is strengthened throughout by massive buttresses, which give a very substantial character to the exterior. The principal entrance is from James street, by a doorway of most elegant proportions, wrought in an elaborate manner, there is a door also on either side. The spire is 198 feet from the level of the side-walk to the *finale* stone, and eight more to the top of the vane. The tower is a handsome and lofty pile of masonry, tastefully ornamented with carved canopies and pinnacles. This portion of the work was done by Geo. Worthington, Esq. The carpenter and joiner work is of the finest description. The gallery is of oak cluster-columns, with carved capitals. It will seat

1000, and is 110x64 feet. On each side are five handsome gothic windows, glazed with diamond-shaped stained glass, imported expressly from Messrs. Chance and Sons, of Birmingham, except a portion from the establishment of C. March, Esq., of Toronto. The seats, both above and below are well arranged and convenient. They are all grained, oak pattern, except the cappings which are solid oak. The pulpit is very handsomely ornamented with carved work. Two hot air furnaces are used to heat the building. There is a large basement story under the whole, which is used as a Sunday School-room.

The carpenter work was executed by Messrs. Simpson & Son, of Hamilton. The painting by Mr. Robertson. The glazing by Mr. Toms, and the plastering by Messrs. Mercer & Melver. The whole the design of the late Mr Thomas, Architect of Toronto. The building cost about forty-four thousand dollars. Service at 11 a. m. and 6.30 p. m.

Knox Church (Canada Presbyterian).—Corner of James and Cannon streets. This is the oldest Presbyterian congregation in the city. It was organized in the year 1833, under the name of St. Andrew's Church, as a congregation of "the Presbyterian Church in Canada in connection with the Church of Scotland." Its first pastor was the Rev. Alex. Gale, who afterwards removed to Toronto, and its first place of worship was a small building on the site of the present St. Andrew's Church. The disruption in Scotland in 1843 having been followed in July, 1844, by the disruption of the Synod in Canada and the formation of the Synod of the Presbyterian Church in Canada, otherwise known as the Free Church, Mr. Gale and the large majority of his congregation decided to connect themselves with the latter body. By this act the congregation found their right to the place of worship disputed, and to prevent interruption and litigation, they resolved in November of the same year to abandon it. For a short time they occupied the Secession Church and afterwards a Methodist Church on John Street, through the courtesy and kindness of the Trustees of these congregations. Their present place of worship was completed in the year 1846, and has since, during a period of 21 years, been occupied by the congregation, under the designation of Knox' Church. As then completed, it was a substantial edifice of cut stone, in the Roman style of architecture, and capable of accommodating at least 800 persons. In the year 1847, Mr. Gale removed to Toronto to resume the duties of his professorship in Knox College, and the Rev. Ralph Robb was soon afterwards settled over the congregation as his successor. Mr. Robb was removed by death in 1850, and the Rev. George Paxton Young was called to be his successor. In 1853, Mr. Young removed to

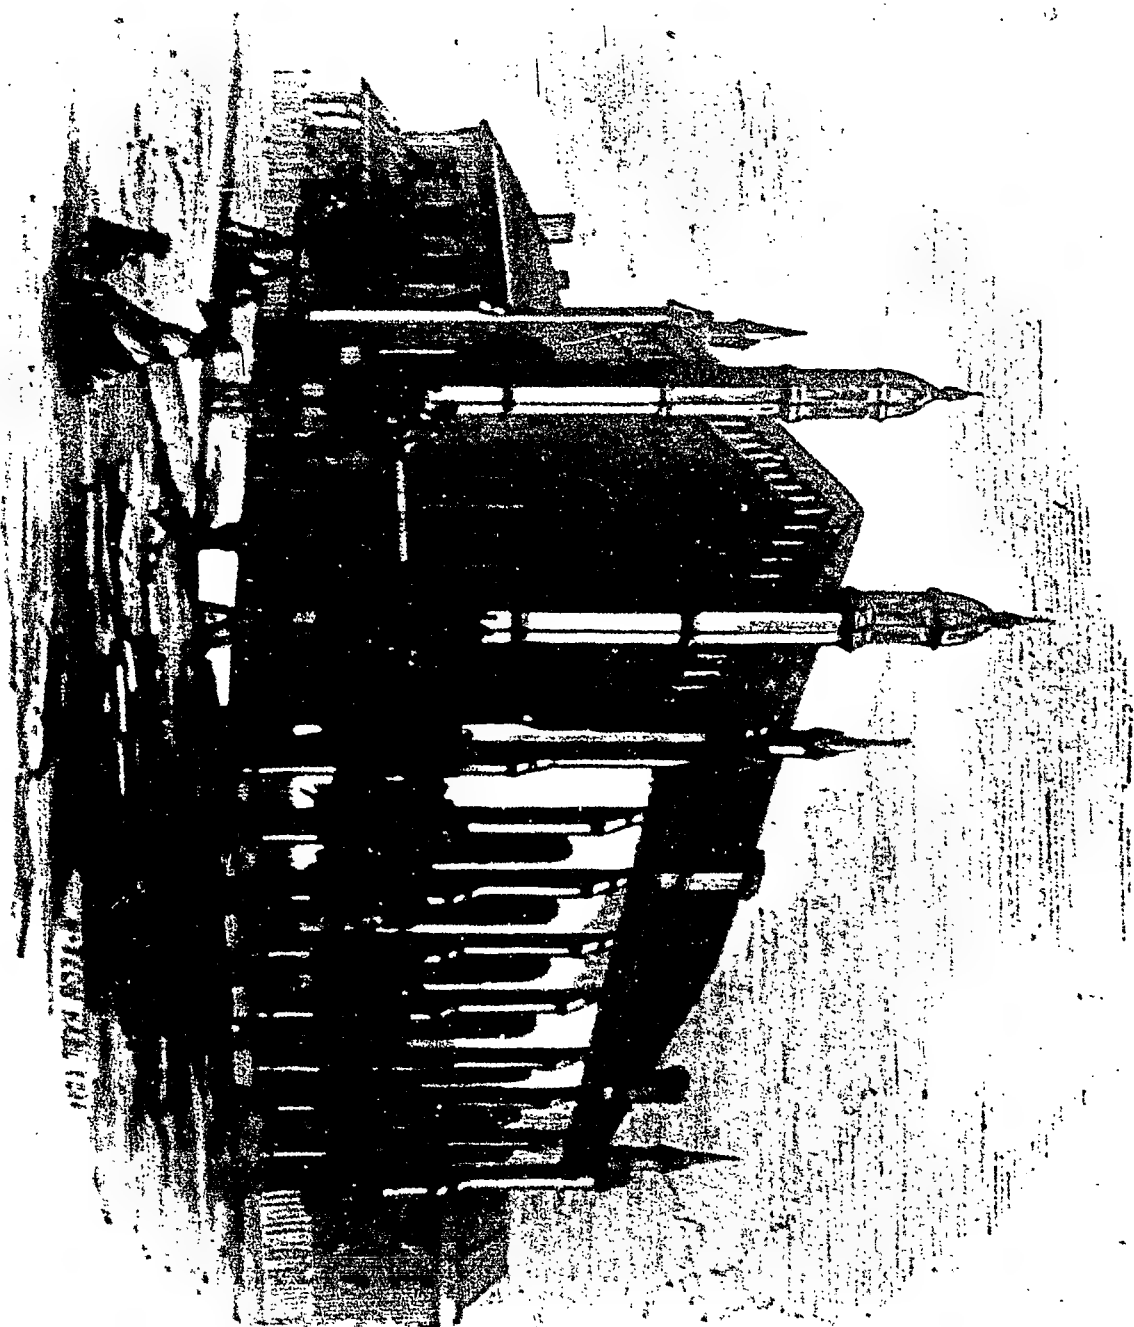

ST. ANDREW'S CHURCH.

Toronto to fill the position of Professor in Exegetics, &c., in Knox College. In the following year the Rev. Robert Irvine, D. D., was called to the vacant congregation, and accepted the charge. It was now in a very flourishing condition, and the church so full that it was deemed advisable for a number of families to separate from Knox Church and form a new congregation. The result was the organization of McNab street Presbyterian Church, to which the Rev. Dr. Inglis, was called as pastor. Dr. Irvine having accepted a call to Philadelphia in July, 1864, the church again became vacant. In the summer of 1865, the Rev. A. B. Simpson, its present minister, was called to become its fifth pastor. The congregation of Knox Church still continuing large and constantly increasing, it was resolved in the year 1856 to enlarge the Church by the addition of a large transverse wing, running across the whole eastern end. A commodious stone manse, immediately adjoining the church and fronting on Cannon street was erected at the same time. The value of the whole church property is \$25,000, and the church, as thus enlarged, is capable of accommodating not less than 1200 persons. The church has undergone a thorough renovation during the present year, including a new pulpit, repainting of all the woodwork, frescoing the walls and re-carpeting the aisles and platform. The ceiling is adorned, and the building illuminated by two large reflectors of corrugated glass, which greatly enhance the whole effect of the light. The cost of the repairs was about \$2000. The church was re-opened on the 13th of May by Dr. John Hall of New York, and is now one of the most comfortable and commodious in the city. Although it has passed through many changes and some trials, and although its former members are to be found in all parts of this country, and many of them in other churches in this city, it is now in a very flourishing condition, numbering more than 350 families, and more than 500 members.

Hours of Service.—Sabbath School at 2½ p.m., John Alexander, Superintendent. Service, 11 a.m., 6½ p.m. Wednesday evening at 7½ o'clock.

The Central Presbyterian Church is situated on the corner of McNab street and Maiden Lane, and was erected in 1857-8 by the congregation which formerly worshipped on Merrick street, and which was then designated the United Presbyterian Congregation. The building is a large elegant structure of white pressed brick, the front elevation surmounted with two turrets. Its length is 126 feet and its width 72, and is seated to accommodate 1,500 persons. The basement story, which is nearly all above ground, is fitted up for Lecture Room and Sabbath School Room, Committee Rooms, and Pastors' Study. The entire cost of house

CENTRAL PRESBYTERIAN CHURCH.

and ground, about \$33,000, has been paid by the Congregation, which, during the last twelve years, has raised for religious purposes more than \$80,000.

The Congregation was first organized about 26 years ago. Their first Pastor, the Rev. J. Dalrymple, remained but a few years with them, leaving behind him a fragrant memory. They next procured the services of the Rev. J. Hogg—now of Guelph—who labored faithfully and successfully among them for three or four years. In 1856 the present pastor, the Rev. W. Ormiston, D. D., was settled over them, since that time the progress of the Congregation has been marked and most encouraging. The membership is now 530. The Sabbath School large and prosperous, and the public services well attended.

McNab Street Presbyterian Church.—The Congregation now worshipping in the McNab Street Church was organized in August 1854, with about forty members, divine service being held

in the Mechanics' Hall. A commodious house of worship, capable of holding about 400 persons, was built and opened in February, 1855, and in May of the same year the Rev. Dr. Inglis was inducted as their first Pastor. It was soon found necessary to enlarge the church accommodation, and in April, 1856, the foundation stone of the present spacious church was laid by the Hon. Isaac Buchanan. It was completed and opened in June, 1857. It is built in the gothic style of architecture, of the beautiful stone obtained from the mountain in the rear of the city; it is massive in its structure and commanding in its position. Its dimensions are 114 feet in length, including the tower, by 66 in breadth and with the galleries will comfortably seat nearly 1300 persons.

Congregational Church.—Corner of Hughson & Cannon streets. The denomination of Christians to which the above Church belongs appeared at the early dawn of the Reformation. In England Ireland, Scotland, the United States, and other parts of the world, they have more than seven thousand churches in fellowship with one another; and of churches formed on the same plan, bearing other designations, there are at least twenty thousand more. The Congregational Church in this city was formed in 1835. The first Pastor, Rev. David Dyer, now of Albany N. Y., was sent to this country by the London Missionary Society. Under Mr. Dyer's auspices, the old frame church which stands to the rear of the lot was erected 30 years ago, and was then one of the handsomest churches Hamilton could boast. After Mr. Dyer's removal, the church had Rev. P. W. Wastell, from Guelph, as stated supply for one year. Mr. Wastell was succeeded by Rev. John Osborne, in whose time the church was not in fellowship with the other Congregational Churches in the Province. Shortly after the resignation and death of Mr. Osborne, the church was, by voluntary consent of the members, dissolved, and a new church formed under the pastorate of Rev. R. Robinson, now of Owen Sound, Ont., who was succeeded in 1853 by the Rev. Edward Ebbs, now of Aurora, Ill., who resigned in June, 1858.

The present pastor, Rev. Thos. Pullar, who was for many years minister of the Congregational Church, North Albion Street, Glasgow, Scotland, commenced his labors in the fall of 1858, and was inducted into the charge of the Church on the 4th of October, when the foundation stone of the new church edifice was laid. It is a simple and elegant brick building, calculated to seat 450 persons, having a gallery at one end well ventilated and beautifully illuminated. It is fitted up with every convenience in the way of school and lecture rooms, vestry, &c., and warmed with a very efficient heating apparatus. It has a handsome front

and a porch entrance by a flight of steps from Hughson street. Internally it is tastefully and commodiously furnished, and is well adapted for both speaking and hearing. It is free of debt, the last remains of which were cleared away in June, 1865. The congregation has raised for local and general religious purposes, during the last ten years not less than 20,000 dollars. The following notice of the anniversary, in June 1866, will indicate the present position of this church.

"The seventh anniversary of the opening of the Congregational Church, Hughson street, and the eighth of the pastorate of the present minister, were celebrated by appropriate services on Sabbath, the 24th June. No special collections were made, as the church edifice is free of debt. A meeting of the members was held in the evening, when, after the usual business, the pastor gave an address, on the progress of the church, especially during the past year. About a fourth part has been added to the membership of last year and the church has enjoyed peace and harmony among themselves and affectionate relations with their pastor.

"On Wednesday evening, the 27th, the annual financial meeting of the congregation was held, when it was reported during the last year the sum of \$2,030 had been raised by the congregation, being an average of more than twenty dollars annually for each contributing member. The two last years having exceeded in amount of contributions and general progress any two during the present pastorate except the first, when a very large sum was raised to erect a new edifice. Besides a presentation last January of one hundred dollars to the pastor, a handsome permanent addition has been made to his salary. A balance, under the head of incidental expenses, of \$88, due to the treasurer was met on the spot. During this year a Ladies' Working Society has been instituted, which is largely attended and productive of good results; and the pastors Bible Class was attended by 70 persons. Arrangements were made for increasing the Missionary Fund, and the Sabbath School was reported as larger and more prosperous than on any former occasion.

Mr. Wm. Edgar, Superintendent of the Sabbath School.

Hours of divine service on the Lord's day, from May till October, at 11 a.m., and 6½ p.m.; from October to May, at 11 a.m., and 2½ p.m., on Thursday evenings at 7½ p.m. Sabbath School, summer at 2½ p.m. and winter at 2 p.m.

Baptist Church.—Organized 23rd December, 1843. Recognition services were held at "Thornton's School House," on 7th January, 1844, when ten persons were recognized as "the Baptist Church of Park Street, Hamilton." Rev. Alfred Booker, one of the ten, being Pastor, he having for twelve previous

years been Pastor of the Park street Baptist Church, in Nottingham, England. The original chapel was 38 x 50 feet, a plain but comfortable brick building, with stone basement for Sabbath School, &c., cost over \$2,000, and was completed in 1854. Mr. Booker continued the Pastor until his death, which took place on March 12th, 1857, by the memorable accident at the Railway bridge, Desjardines Canal; he was returning home from holding service with a branch church, at the villiage of Wellington Square. The church then numbered nearly one hundred communicants, and was free from debt. After Mr. Booker's death the following reverend gentlemen successively became pastors of the church: Rev. Jno. Burke, Rev. Jno. Bates, Rev. Jno. Crawford, Rev. Freeman G. Brown, Rev. R. J. Wilson. In 1862, during Mr. Brown's Pastorate, the chapel was rebuilt, at a cost of about \$4,000; size, 38 x 73, with basement and gallery. The new front is a very neat specimen of architecture, in semi-Gothic style, of pressed brick, with cut stone base, sills, cappings, and pinnacles. Will seat comfortably 400. Present membership, 176.

The present Pastor, Rev. Geo. Richardson, commenced his labors on the 1st Dec., 1866, and is well settled in the affections of his charge. Public service every Sabbath, at 11 a. m. and 6.30 p. m.

Sabbath School in the afternoon, at 2.30. Average school attendance, 231. Week lecture, Tuesday, 7.30, p.m. Prayer meeting, Thursday. Business meeting on Wednesday, before the last Sabbath in each month, all held at the same hour.

WESLEYAN METHODISTS.

In the year 1824 the first church erected in the city of Hamilton was erected by the Wesleyan Methodists on the corner of King and Wellington streets. The building was frame and underwent many changes during the period of half a century. Lately this church has been removed and is now replaced by an elegant stone edifice. In 1833, the year of the union of the Canadian Methodist Church with the British Conference, the population of Hamilton was but one thousand souls, and the Methodist Church was comprised in one single class, led by Mr. David Springer, and under the ministrations of the Rev. James Evans, and the Rev. Edwin Ryerson, since deceased. In the early part of that year a revival occurred, the membership was increased to 140, and the first Sabbath School ever established in Hamilton was organized in the old King street Church. In 1840, the division between the British Methodists and the Canadian Methodists occurred, and the former at once

commenced the erection of the present John street Church, securing in the meantime the site of a building which had been erected by the American Presbyterians some time previously, but which, from troubles arising out of the rebellion, had ceased to be used by any denomination. In this they worshipped under the pastorate of the Rev. John G. Manly, the Rev. Ephraim Evans being Superintendent of the District, until 1841 when the John-street Church having been completed, they took formal possession of it. The King street Church becoming too small for the congregation which continued to worship in it, the McNab-street Church was commenced by them, the corner stone having been laid in April, 1846, and the walls erected and covered in during that and the succeeding year. [This church has been torn down during the last season and a part of the material, (the stone, was used in the new church building on King Street East.) In 1847, however, the re-union of the British and Canadian Methodists happily took place, and as a bond of union, the King street congregation transferred themselves to the John street Church, suspending for a time the completion of the new building under erection on McNab street. The entire Methodist body of the city worshipped at the brick Church until 1851, when, although galleries had been put into it in the meantime, it having become too small, the McNab street Church was completed, and finally opened for Divine worship on 1st of December of that year. The Revs. John Carroll, and John Breden were the first pastors of the new Church. About the same time a Bethel Church was erected at the foot of Hughson street, the large business done at the Port of Hamilton, in those days, warranting the expectation that an important work could be there carried on. But the completion and opening of the Great Western Railway, affecting as it did seriously the lake business, militated against the success of the Bethel Church, and it was abandoned. In 1859 the John street Church was greatly enlarged, and about the same time the old Pioneer Church on King street was rebuilt—that is, so much improved as to be entitled to be called so—and re-occupied, and a year or two afterwards the Main street Church was erected.

Centenary Church.—This elegant structure was fully completed and opened for divine service last May. The following description of the church is taken from the *Hamilton Spectator* of May 11th, 1868.

On entering a private door to the basement floor at the north-west corner, the committee room is on the left hand, underneath the organ gallery; it is well lighted and beautifully furnished.

Turning at a right angle a class room is on the right hand, and on the left an entrance to the vestry. A private staircase leads from that room to the main body of the church. The basement contains besides the above, two rooms for Sabbath School classes, and a Lecture Hall, which contains four hundred sittings. On a platform slightly elevated is a superintendent's reading desk. There are four windows on the east, and three on the west side, all stained glass. The style of woodwork stained and varnished. Two class rooms are entered from the south-west and south-east of the lecture hall. On each side of the main door are two lofty windows, the glass stained Arabesque in pattern. To the west and east there are two other doors of entrance and exit. From the spacious lobby to the right and left, flights of steps arise—each twenty in number, and eight feet wide, leading to the corridor. Here the auditorium is entered. Two narrower flights of steps rise from the corridor and conduct to the galleries, one of which occupies the south and two narrower galleries the east and west sides. There are seven large stained glass windows on each side of the church. The glass staining was executed by Mr. McCausland of Toronto. In the north, within a spacious aisle, architecturally projected from the church, and lighted by two lofty windows, stands the organ, all its parts constructed, and the whole built, under the supervision of Mr. T. W. White, organ builder, of Hamilton.

The two sections of seats nearest the east and west walls are placed obliquely to the longitudinal passages. The pulpit platform stands only about 40 inches from the floor. The platform is carpeted and furnished with sofa and chairs. A reading desk is in front covered with silk velvet cushions. A space round the sides and front of the pulpit platform is railed in, within which is the communion table. All the church floor is carpeted, the seats and backs of the pews, cushioned with crimson damask. The galleries in front are painted white. The sittings are 1600. The auditorium is 86 x 68 and 40 feet high. The ceilings are beautifully frescoed and present the illusion of massive cornices, deep mouldings, and panelings. The fresco painting was done by Mezier of Columbus, Ohio.

The external dimensions of the structure are 74 by 111 feet, exclusive of the projection 22 by 57 feet, within which are the committee room and organ gallery.

The style of architecture is the Renazance or Romanesque. The façade is of red pressed brick divided into bays, by octagonal buttresses. The buttresses, copes and plinths, which latter extend round the building, are of dressed freestone. Messrs. Hill & Son, were the architects; Messrs. Webber, builders;

Messrs. Sharp & Murison, the carpenters; Messrs. Young & Bro., plumbers and gasfitters; Messrs. Dow & Bros., plasterers; Mr. Freeborn, the painting, except the fresco. The upholstery work was done under the superintendence of Mr. Morgan, from Messrs. Cooper & Co's carriage factory. Church Services, 10 a.m., 6.30 p. m. Officiating pastors, Rev. John Potts, Superintendent, and Rev. Mr. Hagar. The Centenary Church is situated on Main street, between James and McNab streets, in the Hamilton City West Circuit.

Mount Zion Church.—City West Mission. Rev. John Potts, superintendent; Rev. Mr. Hagar, assistant. This church is built of brick, and contains 500 sittings. The Sabbath-school is held at 2.15, p. m., and has an average attendance of 275. Hours of service, 10.30 a. m. and 6.30 p. m. Week services on Tuesday evenings, at 8 o'clock in summer, and 7.30 o'clock in winter. Prayer meeting every Thursday evening, at 8 o'clock in summer, and 7.30 o'clock in winter.

New Connexion Methodist.—This Church is built of frame, and is situated on Main Street near Nelson. This church cost \$2,000, and will seat 250 persons. The society was formed in 1831 by Elders Ryan, Smith and Jackson. The Church building was erected in 1833, but improved and enlarged subsequently, under the ministration of the Rev. T. Goldsmith. For a number of years the Church was unfortunate in its ministers—many of them breaking off their connection with it, and allying themselves with other denominations. However, of late years the church has made progress. It is under the pastoral care of the Rev. Chas. McKelvey. Services are held at 10.30 a.m., and 6½ p.m., on Sabbath day. Sabbath school at 2.30 p.m., 150 pupils.

Wesleyan German Church.—Corner Nelson and Rebecca streets, opened January, 1862; built of brick, and capable of seating about 250. Services on Sundays, 10 a.m., and 6½ p.m. Prayer meetings on Wednesdays at 7½ p.m.

Primitive Methodist Church.—Gore Street, corner of Hughson, formerly on John Street, between Gore and Henry. This church is built of brick, at a cost of \$7,000, and was opened in January, 1868, and is capable of seating 400. Services on Sundays at 10½ a.m., and 6½ p.m., and Thursdays at 8 p.m. Sunday School 2½ p.m. Queen Street Church was built at the same time as Gore Street, at a cost of about \$700, and is capable of seating about 200 persons. NEWSPAPERS AND PERIODICALS.

The Canada Christian Advocate.—This paper was commenced at Cobourg in 1845, the first number being issued on the second of January of that year. It was started as a private enterprise by Revds. T. Webster and J. H. Leonard, but devoted to the interests of the Methodist Episcopal Church in Canada. It was purchased by the general conference of the church, and removed to Hamilton in 1847; Rev. T. Webster, who had edited the paper when under private control, being the first editor appointed after it became church property. Mr. Webster held the position until 1850, when Rev. G. Sheppard received the appointment and occupied the editorial chair till 1858. At the general conference held that year, Rev. G. Abbs was elected to fill the office, but resigned the year following, when the Rev. S. Morrison was chosen to fill the place. This gentleman resigned in the spring of 1863, when Rev. G. Abbs, the present incumbent, was again appointed. The *Advocate*, though the property of the M. E. Church, is free from sectarian bigotry, the great object being to make it a first-class religious and family newspaper.

The Craftsman.—This is a monthly periodical conducted by T. & R. White, and an able staff of contributors, printed at the office of the *Hamilton Spectator*. It is devoted to the diffusion of Masonic light and literature, for the improvement of the craft and the advancement of the Order. It is now closing its third volume, and since its commencement has met (and deservedly) with unexampled success in Ontario and Quebec, as well as a very large circulation in the Maritime Provinces. A publication of this character had become a necessity to the craft of Canada. Although many worthy and excellent magazines and other Masonic periodicals have been, and are still published in the United States, the craft in Canada were desirous of having a publication of a home character. This desideratum is obtained in the *Craftsman*. Its articles are sound, conservative, entertaining and instructive, and its pages are laden with the gems of Masonic literature and kindred sciences, such matter as improves with time, and affords healthy food for the minds of the craftsmen as well as others. Terms, one dollar and fifty cents per annum.

The Hamilton Evening Times, which now ranks among the most popular, flourishing and influential journals in Canada, was established as a morning paper in January 1857, on the basis of the *Daily Banner*. In February, 1860, it was changed from a morning to an evening paper, under the editorial man-

agement of George Sheppard, Esq. In 1861 it passed into the hands of Messrs. Jones & Holbrook, who continued its publication till January, 1862, when it was purchased by the present proprietors, Messrs. C. E. Stewart & Co. By the judicious expenditure of capital in the purchase of large addition of new stock, the introduction of a steam power press, the organization of the whole establishment on a sound business basis, and the employment of some of the ablest political writers in the province, new life and energy was infused into every department of the establishment, and the consequence was an immediate, rapid and vast increase in the circulation of the paper, and a large augmentation in its advertising patronage and jobbing business, which must have been in the highest degree satisfactory to its energetic proprietors. The circulation was in a short time increased from four hundred copies, daily, to two thousand, and its increase has been steadily augmenting until it has attained at the present time a daily circulation of no less than four thousand copies, which is more than twice as many as that of any other journal west of the Metropolis of Ontario. Its daily and weekly circulation extends to every village and hamlet in the western peninsula of Ontario. The equipments of the *Times* establishment, type, presses and furniture embrace all the latest styles and improvements, and its conveniences for book and general jobbing business are not inferior to those of any printing establishment in the country. Lately a large new double cylinder press has been added to meet the requirements of the establishment and the large circulation of the daily and weekly issues.

The Messenger.—This periodical was established in 1865, and is issued weekly. It is devoted to the advocacy of the Temperance cause, and contains reports from all parts of the Temperance field. J. W. Ferguson, M. D., Editor. Terms, one dollar per annum. Address, drawer 69, Hamilton.

The Spectator.—See engraving of *Spectator* buildings.—The *Spectator*, which is the leading paper of the city of Hamilton, was first established in 1846, by the late Robert R. Smiley, in the moderate conservative interest, and by the energy and tact of its proprietor, soon became the most popular newspaper in the western peninsula. Its circulation and influence increased rapidly, and at the time of Mr. Smiley's death, in 1855, it was justly regarded as a most successful newspaper enterprise. It then passed into the hands of Mr. John Smiley and Mr.

William Gillespy, who conducted it for a short time together. Mr. Smiley retired, in 1857, and his place was taken by Mr. Robertson, the paper continuing to be published by the firm of Gillespy & Robertson, until 1862, when Mr. Gillespy became the sole proprietor. In 1864, Messrs. T. & R. White, formerly of the *Peterborough Review*, became its purchasers. Its circulation has more than quadrupled in their hands, and all through the western counties, especially, the *Weekly Spectator* enjoys a most extensive circulation, and commands an undoubted influence. Large additions to the establishment have been made by the Messrs. White, the paper was put into new type by them almost immediately after assuming control of it. Their job-room has been greatly enlarged, and refitted with new and large fonts. The establishment enjoys an extensive job printing patronage, which is steadily increasing. In the spring of this year, the Messrs. White purchased the large brick building corner of Main and James streets, formerly known as Norton's Hotel, and more recently as Wentworth Chambers. The building is one of the best in the city for a printing establishment, and has been entirely refitted, and a large addition built for a press room, giving them unequalled facilities for the various branches of their large and rapidly increasing business.

The Canada Journal of Dental Science.—Editors and proprietors, W. G. Beers, Montreal; C. S. Chittenden, Hamilton; R. Trotter, Guelph; W. H. Waite, D. D. S., Liverpool, Eng., Corresponding Editor. Published monthly, and printed at the office of A. Lawson & Co., Nos. 9 and 11 King St. West, Hamilton. Price, \$2 per annum, in advance.

The Churchman's Magazine and Monthly Review, is a religious periodical, issued by T. & R. White, of the *Spectator* office. It is devoted principally to matters connected with the Church of England, in Canada, but is also intended to furnish reading for the religious public at large. The arrangement of the *Magazine* embraces the following distinct departments:—I. *Tales, Essays, and Reviews.* II. *The Pulpit and the Parish.* III. *The School and the Mission.* IV. *Poetry and Miscellaneous.* V. *Religious Review.* VI. *Literary Review.* VII. *Trade and Politics.* VIII. *Correspondence.* In these several departments all the leading subjects of the day are discussed in a broad and independent spirit, while in the religious review, especially, there is supplied a succinct account of all the church proceedings of the month throughout Christendom. The *Magazine* is not the organ of any party in the Church; it disclaims

identification with either High or Low Church, and proposes to view all matters upon purely church principles, as laid down in the Book of Common Prayer. Some of the ablest writers of the day, in both Canada and Great Britain, have been engaged to contribute to its pages. It is got up with great care and ability, and from the character of the *Magazine*, it must prove a welcome addition to the periodical literature of the country, and a powerful organ for the Church of England. Price, \$2.00, yearly subscription. Published by Messrs. T. & R. White.

The Canadian Star, is a monthly magazine of 32 8vo pages, published in the interests of the Odd Fellows of the Dominion of Canada, under the editorial management of Mr. T. Lawless. Being the first and only publication of the kind in British America, it will supply a desideratum long needed by the fraternity, among whom it is fast becoming popular; and though only a few months in existence, its circulation is extending to foreign territory. Heretofore the Odd Fellows of Canada were compelled to draw their supply of periodical literature from foreign sources, but, by the enterprise of the publishers of the *Canadian Star*, they can now be supplied with a home production, second to none on the continent in point of literary merit, at a price within the reach of all. It is published at the rate of \$1.25, per annum, free of postage. Orders for it should be addressed to *Canadian Star*, Box 300, Hamilton.

Hamilton City Directory.—The City Directory is published annually, and in addition to the usual alphabetical and business directories, will each year hereafter be issued with a Street Key or Directory; every alternate year an addition of the County of Wentworth Directory will be made. Messrs. A. Lawson & Co., printers and binders. James Sutherland, editor and proprietor, office Nos. 9 and 11, King St., west. Price, \$2.50, payable on delivery.

HOSPITALS, ASYLUMS AND CHARITABLE INSTITUTIONS.

The City Hospital.—This institution is at the foot of John street, on the banks of the Burlington Bay, and contains about seventy beds. Its medical management has recently undergone important reforms, so that it is now one of the best con-

ducted and most efficient of hospitals in the Province. The patients are confided to the care of a board of six attending physicians, one of whom visits the various wards daily, and one resident surgeon. It is open to all medical students and practitioners, at the usual visiting hours, free of charge. The hospital is supported by grants from the Provincial Government, the Great Western Railway, and by city taxation; and its financial management is confided to a committee appointed by the City Council. Patients, except in cases of emergency are admitted on the order of the mayor, or on the order of the chairman of the hospital committee. Out patients prescribed for daily. Charles O'Reilly, M.D., C.M., physician; T. Luckens, steward. Hours of admission, from 10 to 12.

REAL ESTATE.—As a matter of interest, we give the prices obtained at the sale of lots at Vauxhall Gardens on Saturday. We may say that the sale was admirably conducted by Mr. Alanson, the bidding prompt and spirited, and the prices obtained extremely good: Three lots on York street, 20 lots abutting on the cemetery, and 3 lots on Jones street to C. S. Chittenden and T. B. Harris, Esq., for \$3,000; lots 17, 18, and 34, York street, to Mr. McElroy, for \$155, \$170 and \$155; lot 19, York street, Mr. Boyd, \$200; lot 35, York street, Mr. Marles, \$185; lot 36, York street, Mr. Hatton, \$270; lots 37 and 38, Dundurn street, Mr. Finnegan, \$235 each; lot 39, corner of Dundurn and Jones streets, Mr. Mitchell, \$305; and the following on Jones street:— Lot 40, Mr. Mitchell, \$200; lots 41 and 42, Mr. McElroy, \$165 and \$170; lot 43, Mr. Snodgrass, \$145; lot 44, Mr. Marshall, \$140. lots 45 and 46, Mr. McElroy, for \$120 each; lot 49, Mr. Hayley, for \$100; lot 50, Mr. Marshall, for \$95; lot 51, Mr. Marles, for \$80; lot 52, Mr. Hayley, for \$75. Messrs. Alanson & Hilton still have for sale the house and grounds, containing about 2½ acres, and the pasture containing about three acres. The garden, as is well known, is probably the finest market and fruit garden in the city, and is well worth attention. Messrs. Alanson & Hilton hold another sale to-morrow in a different part of the city—a block of 29 lots between Markland and Concession streets. They are very choice and valuable lots, in a beautiful and healthy locality, and commanding a fine view, and we hope to see a large audience and spirited bidding.

CHANCERY SALE OF VALUABLE PROPERTY!

IN CHANCERY.

S IN PURSUANCE OF A DECREE.

made in a cause of SHIELDS versus SHIELDS, bearing date the 19th day of March, A. D. 1873, with the approbation of Miles O'Reilly, Esq., Master of this Court at Hamilton, will be sold, by Public Auction, on SATURDAY, the 17th day of May, 1873, A. D. at noon, by Messrs. Alanson & Hilton, Auctioneers, their Sale Rooms, James Street, Hamilton, the following valuable lands and premises, in six parcels:

1. The Westerly thirty-two feet on the North Side of Gore Street, of Lot 6, on the North-west Corner of Gore and Catharine Streets, in the City of Hamilton, extending back to the Northern limit of the Lot, which is erected a two-storey Brick House, with basement, now occupied by Mr. Thomas Clark. This will be sold subject to a lease for three years from 6th February last at \$200 a year.

2. Lot Six, on the North-west Corner of Gore and Catharine Streets, except that portion thereof included in parcel one, on which is erected a Brick Cottage, with out-buildings, now occupied by Mr. John Lawson. This will be sold subject to a yearly tenancy from 1st April, 1873, at \$140 a year and taxes.

3. The Southerly thirty-seven feet on Elgin Street, Lot Thirty-five, on the South-east Corner of Elgin and Kelly Streets, in the City of Hamilton, extending back therefrom 92 feet, with a right of way thereto, common with occupants of parcel 5, of 9 feet 6 inches, from Kelly Street, in rear of parcel No. 5. On this parcel is a one-storey Brick Cottage, with basement and attic, and fitted up with hot air, now occupied by Mr. Charles H. Foster. Possession given on a month's notice.

4. The Easterly forty-one feet on Kelly Street of lot thirty-five, aforesaid extending back the width of the lot on which are a rough-cast Cottage, now occupied by Mr. W. McKenzie, and a Frame Barn subject to a yearly tenancy of \$12 per month.

5. The North-west portion of lot thirty-five, aforesaid having a frontage of 37 feet 6 inches on Elgin Street and a depth of 92 feet, reserving the right of 9 feet 6 inches to the purchaser of parcel 3. This is a one-storey Brick Cottage with basement, now occupied by Mr. S. Scott as a monthly tenancy of \$13 per month.

6. North twenty Acres of Lot No. fifteen in the Township of Barton, in the County of Wentworth. This is good arable land and will be sold subject to the lease of the present tenant.

The purchaser shall at the time of sale pay down one-tenth of the purchase money to the Master of this Court, and the balance thereof within ten days thereafter, and be entitled to the completion of the purchase.

The purchaser will not be bound to furnish any more Title than those in their possession. In other respects the standing conditions of the Court apply.

Particulars can be ascertained on application to MESSRS. MARTIN & CARSCALLEN or the Master.

REAL ESTATE.—As a matter of interest, we give the prices obtained at the sale of lots at Vauxhall Gardens on Saturday. We may say that the sale was admirably conducted by Mr. Alanson, the bidding prompt and spirited, and the prices obtained extremely good: Three lots on York street, 20 lots abutting on the cemetery, and 3 lots on Jones street to C. S. Chittenden and T. B. Harris, Esq., for \$3,000; lots 17, 18, and 34, York street, to Mr. McElroy, for \$155, \$170 and \$155; lot 19, York street, Mr. Boyd, \$200; lot 35, York street, Mr. Marlea, \$185; lot 36, York street, Mr. Hatton, \$270; lots 37 and 38, Dundurn street, Mr. Finnegan, \$235 each; lot 39, corner of Dundurn and Jones streets, Mr. Mitchell, \$305; and the following on Jones street:— Lot 40, Mr. Mitchell, \$200; lots 41 and 42, Mr. McElroy, \$165 and \$170; lot 43, Mr. Snodgrass, \$145; lot 44, Mr. Marshall, \$140, lots 45 and 46, Mr. McElroy, for \$120 each; lot 49, Mr. Hayley, for \$100; lot 50, Mr. Marshall, for \$95; lot 51, Mr. Marlea, for \$80; lot 52, Mr. Hayley, for \$75. Messrs. Alanson & Hilton still have for sale the house and grounds, containing about 2½ acres, and the pasture containing about three acres. The garden, as is well known, is probably the finest market and fruit garden in the city, and is well worth attention. Messrs. Alanson & Hilton hold another sale to-morrow in a different part of the city—a block of 29 lots between Markland and Concession streets. They are very choice and valuable lots; in a beautiful and healthy locality, and commanding a fine view, and we hope to see a large audience and spirited bidding.

HAMILTON MANUFACTURES.

AGRICULTURAL IMPLEMENTS.

One of the largest establishments in Canada, engaged in the exclusive manufacture of agricultural implements is here carried on by Messrs. L. D. Sawyer & Co., on Wellington street, near Great Western Railway track, known as the "Hamilton Agricultural Works." The works were originally established by Messrs. C. McQuesten & Co., in 1836, and have been owned by the present firm for about thirteen years. Threshing-machines, mowers, reapers, straw-cutters, grain drills, clover mills, self rake reapers, &c., are manufactured to a very large extent. Steam power to the extent of twenty-two horse power is used, and sixty hands are constantly employed. The buildings are stone, and are 80 feet front by 250 in depth. (*See illustration.*)

BELLOWS MANUFACTURERS.

Messrs. Joseph Dallyn & Son, No. 7 Murray street w. established in 1860. This establishment employs an average of five hands, and turns out 300 pairs per annum, also a large number of moulders' hand bellows. This is the principal establishment in Ontario. (*See advertisement.*)

BOOT AND SHOE MANUFACTURERS (WHOLESALE.)

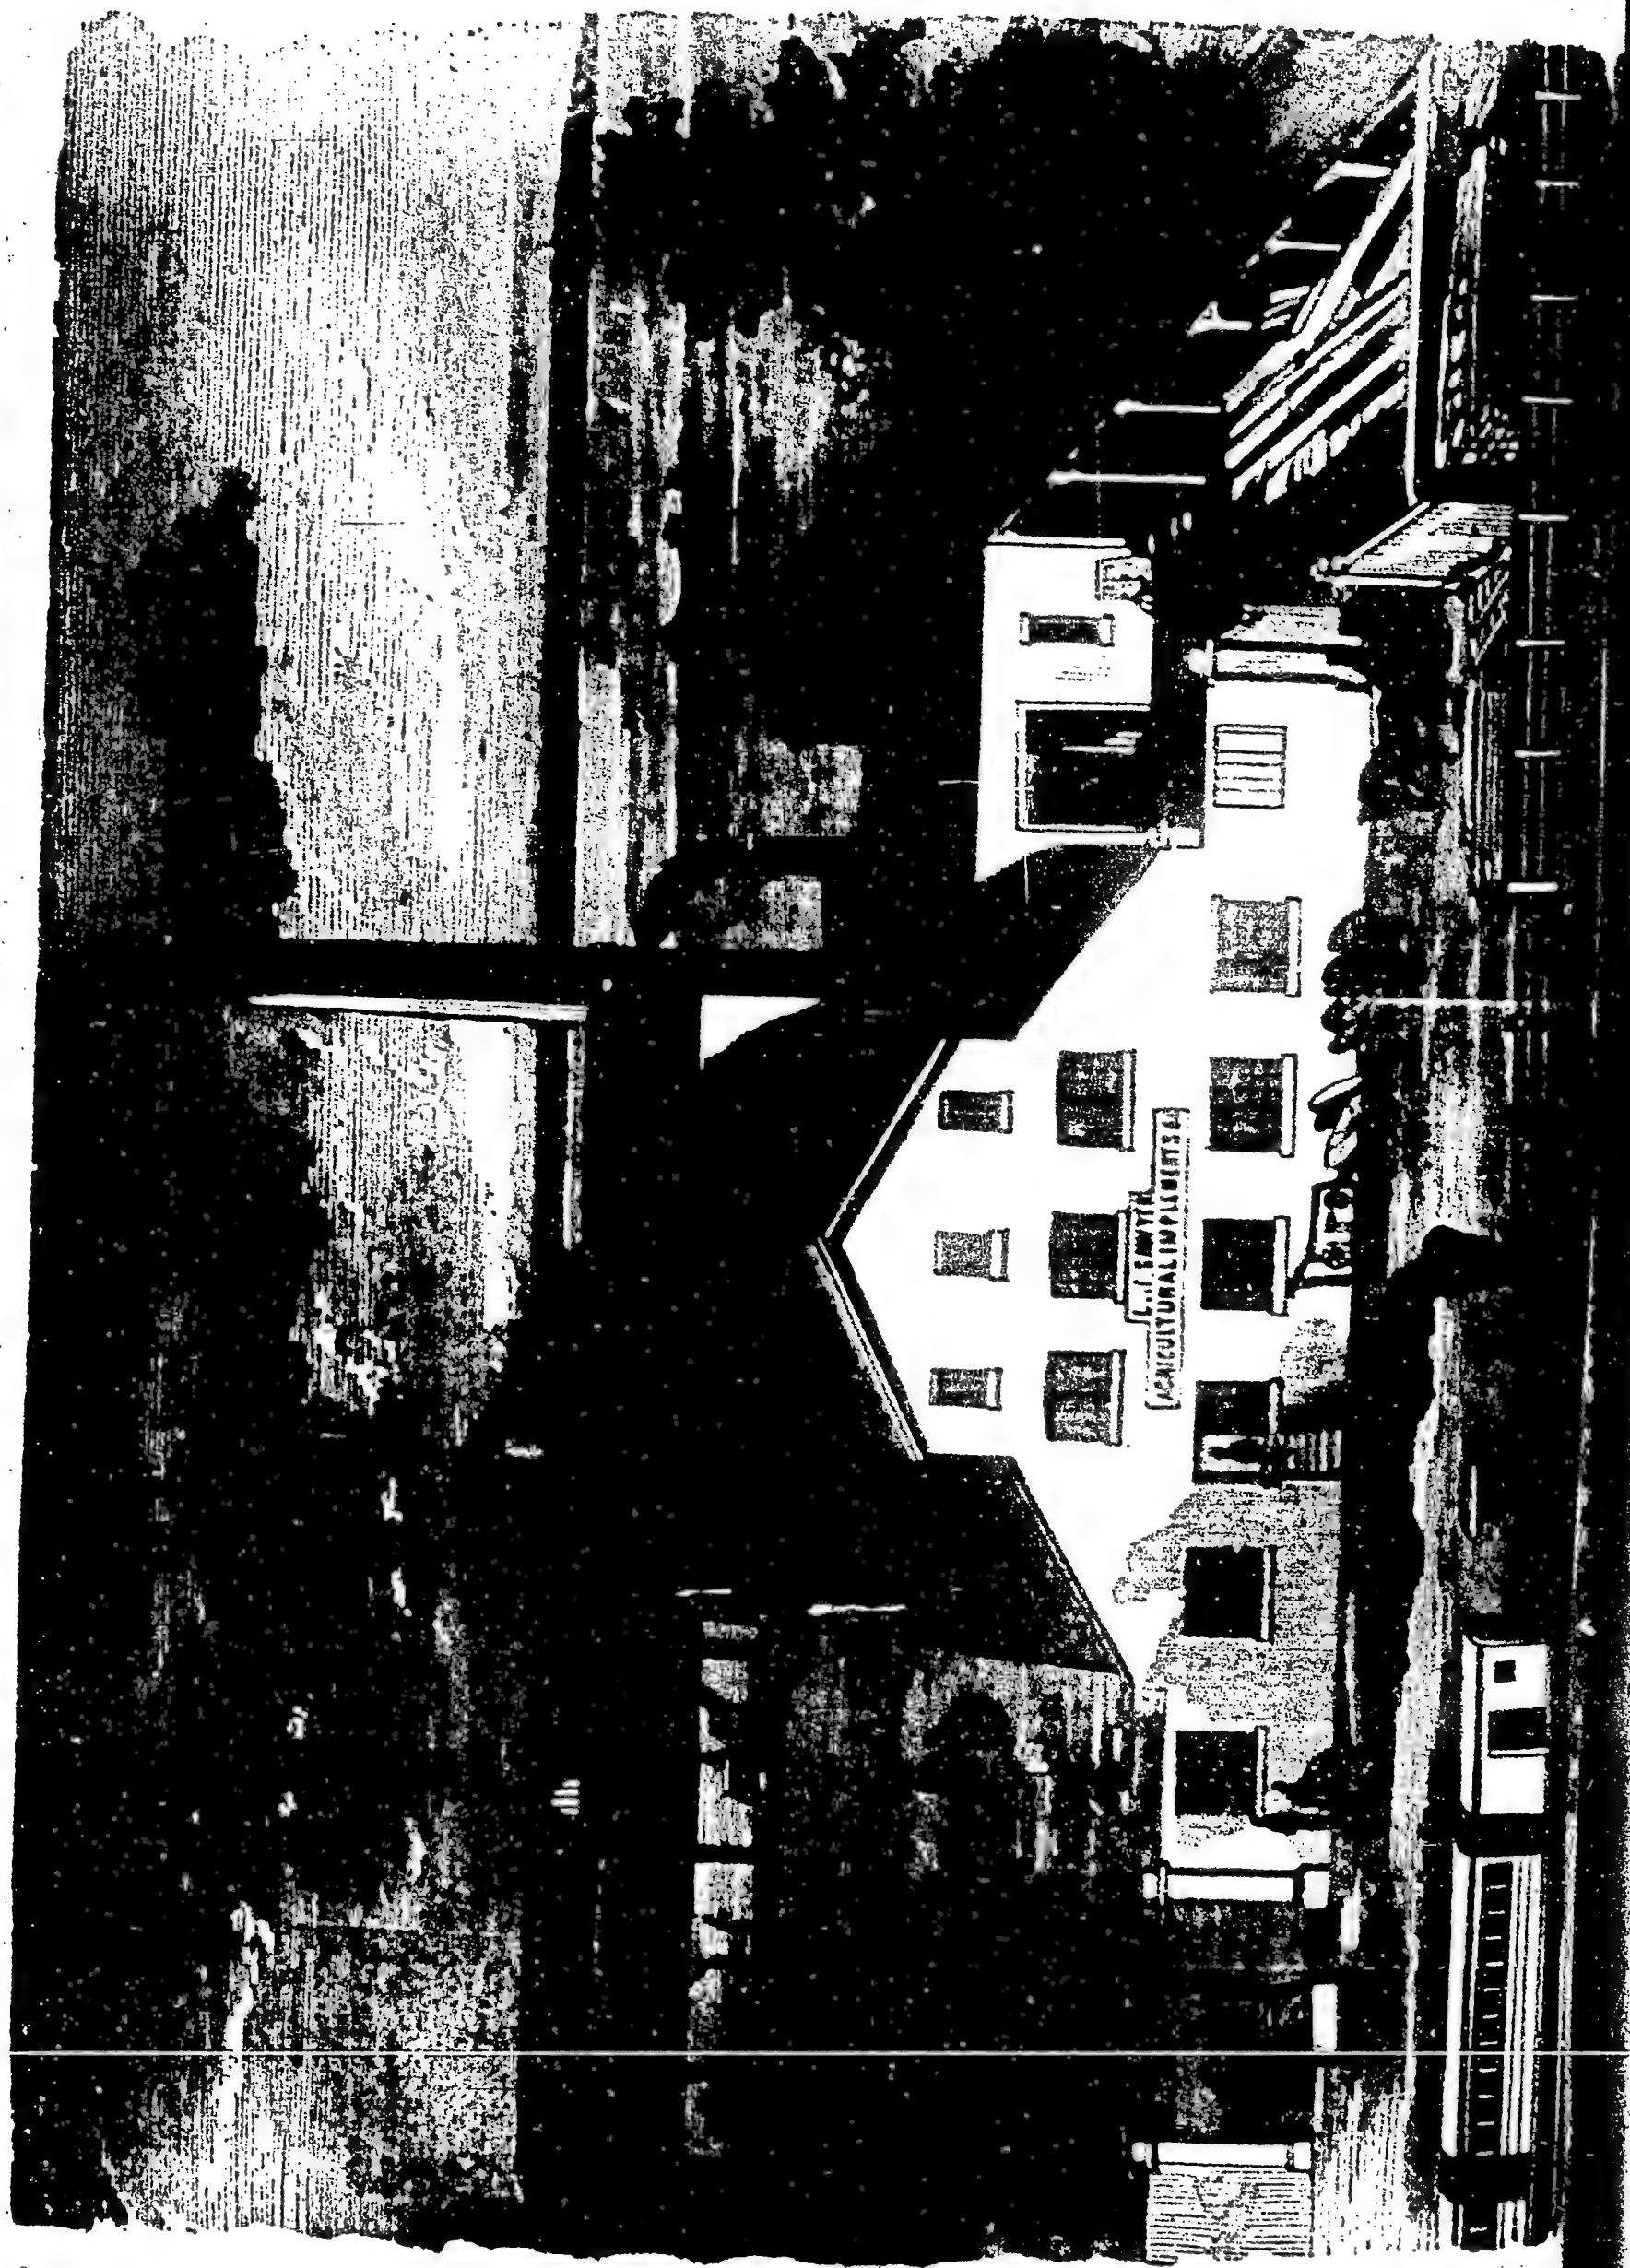

The largest boot and shoe manufactory in Western Canada is here carried on by Messrs. John McPherson & Co.; it was established in 1860. They now give constant employment to about one hundred and fifty hands; they use a number of machines, requiring a twenty horse-power engine to propel.

Messrs. P. W. Dayfoot & Co. are largely engaged in the manufacturing of boots and shoes, and employ about sixty hands. The warehouse is No. 52 King st east.

WOODEN BOX MANUFACTURERS.

Messrs. W. & D. Aitchison, established in 1860; employ six hands and an engine of twelve horse power. There are two planing machines in connection with this factory. Wood turning, scroll sawing, &c.

For Every Thing You Wear, go to HOGAN & O'NEILL'S,
6 James Street.

BRASS FOUNDRIES.

Messrs. H. & R. Young were established in 1853. Works on McNab streets, near Stewart's Foundry; they employ a large number of hands, and manufacture every description of engineers and plumbers' brass work.

BREWERIES.

The Spring Brewery, Messrs. Grant & Son, proprietors, situated on Bay street, was established in 1838. This firm employs thirty hands and an eight horse-power engine. They manufacture their own malt, and turn out ale, porter, beer, &c., in great quantities, either in wood or bottle. The buildings are stone, two stories, with basement, and are 200 by 120 feet; capacity of brewery, 300 barrels per week.

The Burlington Brewery has been established a number of years, by Messrs. J. Bell & Co. The Brewery is on the corner of Catherine and Maiden Lane streets. The premises occupy about one-fourth of an acre. The buildings are rough cast 100 by 180 feet, two stories high, with dwelling house, stable, and stone ice house. Five hands are employed.

There are 3 other breweries, viz., the Ontario Brewery, Leopold Bauer, proprietor; off. John street. This brewery was established in 1859. It has a capacity of 125 barrels per week. Four hands are employed, and an engine of six horse power. The Crystal Palace Brewery Geo. Beck, proprietor; the Hamilton Brewery, Jos. Kendall, proprietor.

BROOM MANUFACTURING.

Mr. C. W. Mugridge has been engaged in the manufacture of brooms since 1860. The establishment is now situated No. 62 McNab street. Twenty-five hands are kept in constant employment, and the very best of goods in the line are turned out. Mr. Mugridge is the patentee of the celebrated Esparto or Spanish grass broom, which supersedes anything heretofore manufactured, being stronger, tougher, more durable and less injurious to carpets than a broom manufactured from broom corn,

Mr. A. Easson, corner of King and Caroline streets, was established in 1849. Thirteen hands are now employed there.

Mr. Thomas Mitchell, King street west, near McNab, is doing a large trade in this line, as also in every description of wooden and willow ware.

For Good Goods, at Low Prices, go to HOGAN & O'NEILL'S,
6 James Street,

CARVERS, GILDERS, & PICTURE FRAME MAKERS.

One of the principal establishments of this description is carried on by Mr. Thomas Marsden, 54 James street, opposite Mechanics Hall, who employs a large number of hands.

Mr. Henry Blandford, James street, near Merrick, is doing a good business in the same line.

CARRIAGE TRIMMINGS.

A depot for the sale of spokes, hubs, felloes, axles, wood screws, paints, varnishes, oils, steel springs, and every article required by carriage and waggon makers, also general hardware, has been established in 1866, by Mr. J. M. Webber, successor to E. McGivern, at No. 56 King street east.

CAST IRON ENAMELLED WARE.

Messrs R. Campbell & Co., manufacturers of every kind of enamelled ware, have works of this description on Mary street, in connection with the iron foundry of Messrs. Turnbull & Co. It is the only firm in British America that manufactures this description of ware, and it is in every respect equal in beauty and finish to any imported. Of course the process of enamelling is a secret only known to the manufacturers.

CLOTHING MANUFACTURERS, WHOLESALE.

Messrs. Sanford, McInnes & Co. are employing about four hundred hands in the manufacture of ready-made clothing.

COFFEE AND SPICE MILLS.

The Excelsior Spice Mills, corner of Catherine and Rebecca streets, were established in 1859, and are now carried on by Messrs Perkins and Clark. Ten hands are employed, and steam power to the extent of eight horses. Coffee, spices, mustard, cream of tartar, and the celebrated Dandelion coffee are here made and turned out to the extent of \$50,000 per annum.

The Coffee and Spice Mills of Mr. Thomas A. Doherty, are situated on Catherine street, bet Cannon and Robert streets. Steam power is used.

CONFECTIONERY AND BISCUIT MANUFACTURING.

One of the principal establishments is that of Mr. I. C. Chilman, established in 1850, on King street west; who employs twenty-five hands manufacturing bread, biscuits, and every description of English, French, and American confectionery.

HOGAN & O'NEILL are now Making Clothing to Order at Very Moderate Rates, 6 James Street.

Mr. Z. Pattison, on Cannon street near Bay, established in 1846, employs twenty-one men in the manufacture and sale of confectionery, biscuits and cigars. Employs also steam power.

Mr. W. T. Ecclestone, 10 King street east, has been established since 1848. He employs ten hands manufacturing every description of goods in this branch of industry.

Mr. Mark Hill, on McNab street, in the same line, employs five hands.

Mr. J. H. Aussem, established in 1866, wholesale manufacturer of fine confectionery, is doing an excellent business.

The Ontario Steam Confectionery Company employ a large number of hands. The factory is on King St. east near Catherine.

BRUSH MANUFACTURERS.

Mr. Alfred J. Green, John street, between King and King William streets, has been engaged in this branch of industry for a number of years. He manufactures everything in the line on an extensive scale and the goods made are first class.

Messrs. Meakins & Sons have been established in the brush manufacturing seventeen years. They employ forty hands and steam power to the extent of twenty-five horse. The premises occupied by them are built of brick, each forty by thirty-five feet, one being five and the other three stores high. Messrs. Meakins' trade extends to all parts of the Dominion.

Mr. Joseph Burdett, 43 King street west, employs five hands and manufactures every description of brushes.

Mr. Francis Burdett commenced business in 1869. He is now employing about six hands, and is doing a very good business. He manufactures all kinds of brushes. The factory is at No. 30 Mulberry, cor. McNab streets. Mr. Burdett offers special inducements to the wholesale trade.

CARRIAGE AND COACH BUILDERS.

Hamilton can boast of having carriage and coach factories of the most extensive character in the province of Ontario. Messrs Thomas Macabe & Co. of the Burlington Coach Factory, King Street west, corner Caroline, employ about thirty hands in their shops, and turn out about 120 carriages of various styles annually, beside sleighs, cutters, &c. The wareroom and trimming shop are contained in a three story rough cast building, 30 by 60 feet. The blacksmith shop is 24 by 120 feet, and contains five forges. The wood worker's shop is a one story frame building.

The City Coach Factory, Mr. J. P. Pronguey, prop., was established in 1844. The shops are on the corner of Park and Market

streets. The blacksmith and wood shops are built of stone, three stories high, 34 by 54 feet. The first story of which is the blacksmith shop, second story wood workers, and third a store room. The warehouse is 100 by 35 feet, two stories high, the second story being used as a paint and trimming shop.

Twenty hands are employed, and every description of a carriage from \$85 to \$800 each are turned out. Sleighs and cutters are manufactured largely.

A large number of the coaches used in Toronto as public carriages have been turned out by Mr. Pronguey, and are of superior style and finish.

The Hamilton Coach Factory was established in 1842, by Messrs H. G. Cooper & Co. It is situated on Park street, between King and Main. The premises are very extensive and consist of a large wareroom, including counting room, built of brick, fronting on Park street. In the rear of the warehouse first comes the carriage steel spring factory of Mr. George Grayson, next the planing mill and box factory of Messrs W. & D. Aitchison, south of which and adjoining are the extensive blacksmith, wood workers, painting and trimming shops of Messrs. H. G. Cooper & Co. The firm employs about forty hands, and builds every description of coaches, omnibuses, carriages, sleighs, cutters, &c.

Mr. Thomas Spratt has succeeded Mr. John Rodger in the manufacturing of carriages, wagons, sleighs, &c., at 98 and 100 Bay street north, and in the general blacksmithing and horse shoeing at 4 York street, 7 hands are employed by Mr. Spratt.

Mr. Robert Buskard commenced the business of carriage making in Hamilton, in 1868. The factory is situated No. 124 King street west, and consists of wareroom, blacksmith, paint, and woodworkers shops. The blacksmith shop has two forges, altogether a good many hands are here employed.

HARNESS MAKERS AND SADDLERS.

There are several firms doing business in this line. One of the principal establishments being that of Mr. E. Kraft, 8 and 10 York street, established in 1855. The premises consist of a three story stone building, 50 feet front by 56 in depth. Twenty hands are employed, and every description of first class saddlery, trunks, valises, military equipments, fire hose, &c., are turned out.

Messrs. Philp & Robertson, east side James street opposite Market Square, commenced business in 1842, and now give employment to 20 hands. They turn out very superior work,

HOGAN & O'NEILL, Manufacturers of and Dealers in Ready-Made Clothing and Gent's Furnishing Goods, 6 James St.

and keep a large stock of fine harness, saddlery, collars, &c. They also manufacture trunks and valises largely for the trade.

Mr. James Jolley, John street opposite Princes' Square, has been established in Hamilton twenty-four years. He employs seven hands, and turns out every kind of first class harness, saddlery, trunks, valises, etc. It is one of the first establishments in the city.

ORGANS AND MELODEONS.

Mr. Thomas W. White, 40 King street west, commenced the manufacture of Melodeons here in 1853, since which time the business has increased to a large extent. Now twenty-five hands are employed, and a large number of instruments consisting of cabinet organs and melodeons are turned out annually. A steam engine of five horse power is employed to propel the machinery. The organ in the Centenary Methodist Church lately completed was built by Mr. White, and cost the congregation about \$4000.

The Hamilton Organ and Melodeon Factory has been established for two years. This manufactory was until lately owned by Messrs. Thornton, Green & DeVine. Mr. Thornton purchased the interest of his former partners, Mr. Green still remaining in the establishment as foreman, and Prof. DeVine taking the sale and book-keeping department. It is situated in the Florence Block Nos. 5 and 7 Bay street north, and since its commencement has done a successful business. The buildings are substantial, and in every way suited for the carrying on of the business on a large scale. The first apartment in connection with the factory is the salesroom, where these celebrated instruments are sold by Prof. G. F. DeVine, who has the entire sale of all the instruments manufactured. Off this is a room where the Professor teaches music, harmony and composition, being a musician of rare ability. The north wing of the building No. 7 is occupied with machinery and seasoned lumber. In the basement is a fine new portable engine of eight horse power, manufactured by Messrs. F. G. Beckett & Co., of this city. Up stairs on the first flat is the action and tuning department, occupied by case makers, fly finishers and other workmen.

The varnish room is detached from the main building, and is filled with cases for Melodeons and Organs, in various styles, some of most elegant design and finish.

Mr. Thornton has had great experience in Melodeon and Organ manufacturing, and was for many years at the celebrated manufactory of Prince & Co., of Buffalo. Nothing but the choicest materials are used, and the most skilled workmen employed. A

great number of workmen are employed and organ building is receiving a large share of the attention of Mr. Thornton. The prices of the instruments are very low considering their superior quality. Automatic school organs, single reed sell at from \$50 to \$75 each, double reed organs from \$70 to \$100; cabinet parlor organs from \$80 to 95, double reed choir organs from \$110 to \$140. A written guarantee is furnished each purchaser that instruments from this manufactory are good for six years, being one year more than the time usually given. Hamilton may justly feel proud of this acquisition to its manufacturing interests.

COAL GRATES.

Mr. Nelson B. Robbins, on Mary street, near William, is exclusively engaged in the manufacture of grates and iron railings. The works were established in 1856—ten men are kept employed, and \$15,000 worth turned out per annum.

R. M. WANZER & Co's SEWING MACHINE FACTORY.

SEWING MACHINE MANUFACTURERS.

First among the most successful manufacturing enterprises of Hamilton, stands the Wanzer Sewing Machine Factory. This establishment commenced operations in 1860, at the corner of James and Vine Streets. During the fall of 1868 and spring of 1869, Messrs. Wanzer & Co. erected the elegant brick factory on the corner of King and Catherine streets, at a total cost of about seventy-five thousand dollars. The new factory has the capacity of turning out six hundred machines a week, the firm exporting for the European market from three to five hundred machines a week. The power of steam employed is forty-five horse. The engine and boiler were built at the Hamilton Iron Works by Messrs. John Thomas & Co. The factory is four stories high, 73 feet on King Street and 140 feet on Catherine Street. On entering from King Street is the Counting room on the right, and on the left Shipping and Store rooms; in the rear of the Counting rooms are the Cleaning, Store and Engine rooms, to the east of which is a wing 42 by 30 feet, the first story of the wing being used as a boiler room and blacksmith shop. The forges in the blacksmith shop are supplied with steam bellows. From this floor you either ascend to the next floor by a steam hoisting

apparatus, or by stairway. On entering will be observed about 80 to 100 hands, each busy at some particular part of the "Little Wanzer." The whole floor is filled with machinery of the very best description. The Japanning Department is on the second floor of the wing, to the east of the main building. Twenty hands are here employed. On the third floor are the finishers and adjusters of the Machines, who number about sixty hands. The third floor of the wing is used for the ornamenting and inlaying. Here are about ten additional hands.

The fourth story of this large establishment is occupied by shuttle makers, silver platers and polishers. This department will employ about forty-five hands.

The steam is utilized in every possible way, and the whole building is heated by steam.

A list is here given of the several premiums awarded the Wanzer Sewing Machine, both in the Dominion and in Europe. This list speaks for itself in stronger terms of the popularity of the Wanzer Machine than anything that could be added to this sketch would do.

WILSON, BOWMAN & CO'S SEWING MACHINE
FACTORY,

CORNER OF HUGHSON AND MAIN STREETS, HAMILTON, ONT.

This new Factory, in which operations were commenced only a few months ago, has already attained an enviable measure of success. The "Lockman" machine, the invention of a young Hamiltonian, has found its way more rapidly into public favour than any machine heretofore manufactured.

The manufacturers occupy the large premises formerly occupied by Messrs. T. & R. White, publishers of the *Spectator*, R. Haigh, bookbinder, Mr. Davidson, artist, and R. Creech, hotel keeper, the whole having been united into one immense factory, filled from top to bottom with men and machinery, and forming one of the busiest hives of industry in the entire Dominion. Several thousands of machines are already in operation in all parts of the world, and if present prospects are any indication of success, the "Lockman Machine" has yet a bright future before it.

Double Cylinder Press for Newswork,

The proprietors feel that they can compete successfully with any other establishment in the Province. They have also in operation two of Gordon's celebrated card and circular presses, adapted more particularly for cards, circulars and bill-heads, and which for neatness and rapidity cannot be surpassed by any other printing machine in use. For posters, etc., we have one of Hoe & Co.'s large size Washington Presses of the best description.

The Type is all New and of the Latest Designs.

Thus equipped the Proprietors feel that they can confidently solicit the patronage of the business community of Hamilton, assuring the public that they will endeavor to merit their support by liberality in prices, neatness, accuracy and punctuality.
